

# Technology Tip Number 5

## Flip Your Screen!

Here's something I learned from a 7th grader:

**Directions: Read everything before you do anything**

1. Press CTRL + ALT + the up arrow key (see below)
2. Next press CTRL + ALT + the right arrow key
3. Then press CTRL + ALT + the left arrow key
4. Then, before you get too dizzy press CTRL + ALT + the down arrow key
